John,

I was able to discuss the question with Ken Kloo, Director on whether naming Solvay and Chemours in the paper would be helpful to DEP. He said he doesn't object to naming the companies, but he doesn't think it matters much if they end up being referred to as a "Facility" since their location is depicted on figures. He said we should defer to what EPA is comfortable with.

All,

A couple of other references for the occurrence CIPFPECAs in Italy.

Obscure, but possibly helpful.
